The income received from these sources must be spent for the purpose designated in the gift, grant, or donation.

19-03.1-02. Authority to control.

1. The board shall administer this chapter and may add substances to or delete or reschedule all substances enumerated in the schedules in sections 19-03.1-05, 19-03.1-07, 19-03.1-09, 19-03.1-11, or 19-03.1-13 pursuant to the procedures of chapter 28-32. In making a determination regarding a substance, the board shall consider the following:

 - f. The risk to the public health;
 - g. The potential of the substance to produce psychic or physiological dependence liability; and

2. After considering the factors enumerated in subsection 1, the board shall make findings with respect thereto and issue a rule controlling the substance if it finds the substance has a potential for abuse.
3. If the board designates a substance as an immediate precursor, substances which are precursors of the controlled precursor are not subject to control solely because they are precursors of the controlled precursor.
4. If any substance is designated, rescheduled, or deleted as a controlled substance under federal law and notice thereof is given to the board, the board shall similarly

control the substance under this chapter after the expiration of thirty days from publication in the federal register of a final order designating a substance as a controlled substance or rescheduling, or deleting a substance, unless within that thirty-day period, the board objects to inclusion, rescheduling, or deletion. In that case, the board shall publish the reasons for objection and afford all interested parties an opportunity to be heard. At the conclusion of the hearing, the board shall publish its decision, which is final unless altered by statute. Upon publication of objection to inclusion, rescheduling, or deletion under this chapter by the board, control under this chapter is stayed until the board publishes its decision.

Every person who manufactures, distributes, or dispenses any controlled substance within this state or who proposes to engage in the manufacture, distribution, or dispensing of any controlled substance within this state shall obtain annually a registration issued by the board in accordance with its rules.
2. Persons registered by the board under this chapter to manufacture, distribute, dispense, or conduct research with controlled substances may possess, manufacture, distribute, dispense, or conduct research with those substances to the extent authorized by their registration and in conformity with the other provisions of this chapter.

3. The following persons need not register and may lawfully possess controlled substances under this chapter:
 - a. An agent or employee of any registered manufacturer, distributor, or dispenser of any controlled substance if an agent or employee is acting in the usual course of an agent's or employee's business or employment.
 - b. A common or contract carrier or warehouseman, or an employee thereof, whose possession of any controlled substance is in the usual course of business or employment.
 - c. An ultimate user or a person in possession of any controlled substance pursuant to a lawful order of a practitioner or in lawful possession of a schedule V substance.

5. A separate registration is required at each principal place of business or professional practice where the applicant manufactures, distributes, or dispenses controlled substances.
6. The board may inspect the establishment of a registrant or applicant for registration in accordance with the rules of the board.

19-03.1-17. Registration.

1. The board shall register an applicant to manufacture or distribute controlled substances included in sections 19-03.1-05, 19-03.1-07, 19-03.1-09, 19-03.1-11, and 19-03.1-13 unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board shall consider the following factors:
 - a. Maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels;
 - b. Compliance with applicable state and local laws;
 - c. Any convictions of the applicant under any federal and state laws relating to any controlled substance;
 - d. Past experience in the manufacture or distribution of controlled substances and the existence in the applicant's establishment of effective controls against diversion;
 - e. Furnishing by the applicant of false or fraudulent material in any application filed under this chapter;
 - f. Suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law; and
 - g. Any other factors relevant to and consistent with the public health and safety.
2. Registration under subsection 1 does not entitle a registrant to manufacture and distribute controlled substances in schedule I or II other than those specified in the registration.

3. Practitioners must be registered to dispense any controlled substances or to conduct research with controlled substances in schedules II through V if they are authorized to dispense or conduct research under the laws of this state. The board need not require separate registration under this chapter for practitioners engaging in research with nonnarcotic controlled substances in schedules II through V where the registrant is already registered under this chapter in another capacity. Practitioners registered under federal law to conduct research with schedule I substances may conduct research with schedule I substances within this state upon furnishing the state department of health evidence of that federal registration.
4. Compliance by manufacturers and distributors with the provisions of the federal law respecting registration (excluding fees) entitles them to be registered under this chapter.

19-03.1-18. Revocation and suspension of registration.

1. A registration under section 19-03.1-17 to manufacture, distribute, or dispense a controlled substance may be suspended or revoked by the board upon a finding that the registrant:

 - b. Has been convicted of a felony under any state or federal law relating to any controlled substance; or
 - c. Has had the registrant's federal registration suspended or revoked to manufacture, distribute, or dispense controlled substances.
2. The board may limit revocation or suspension of a registration to the particular controlled substance with respect to which grounds for revocation or suspension exist.
3. If the board suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state.
4. The board shall promptly notify the bureau of all orders suspending or revoking registration and all forfeitures of controlled substances.

19-03.1-19. Order to show cause.

1. Before denying, suspending, or revoking a registration, or refusing a renewal of registration, the board shall serve upon the applicant or registrant an order to show cause why registration should not be denied, revoked, or suspended, or why the renewal should not be refused. The order to show cause must contain a statement of the basis therefor and must call upon the applicant or registrant to appear before the board at a time and place not less than thirty days after the date of service of the order, but in the case of a denial or renewal of registration the show cause order must be served not later than thirty days before the expiration of the registration. These proceedings must be conducted in accordance with chapter 28-32 without regard to any criminal prosecution or other proceeding. Proceedings to refuse renewal of registration do not abate the existing registration which remains in effect pending the outcome of the administrative hearing.

2. The board may suspend, without an order to show cause, any registration simultaneously with the institution of proceedings under section 19-03.1-18, or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension continues in effect until the conclusion of the proceedings, including judicial review thereof, unless sooner withdrawn by the board or dissolved by a court of competent jurisdiction.

19-03.1-20. Records of registrants. Persons registered to manufacture, distribute, or dispense controlled substances under this chapter shall keep records and maintain inventories in conformance with the recordkeeping and inventory requirements of federal law and with any additional rules the board issues.

Except when dispensed directly by a practitioner, other than a pharmacy, to an ultimate user, no controlled substance in schedule II may be dispensed without the written prescription of a practitioner. When the patient is a hospice patient or resides in a licensed long-term care facility and the prescription has been signed by the practitioner before faxing, the facsimile may serve as the original prescription without another signature.
2. In emergency situations, as defined by rule of the board, schedule II drugs may be dispensed upon oral prescription of a practitioner, reduced promptly to writing, and filed by the pharmacy. Prescriptions must be retained in conformity with the requirements of section 19-03.1-20. No prescription for a schedule II substance may be refilled.
3. Except when dispensed directly by a practitioner, other than a pharmacy, to an ultimate user, a controlled substance included in schedule III or IV, which is a prescription drug as determined under this chapter or chapter 19-02.1, may not be dispensed without a written or oral prescription of a practitioner. The prescription may not be filled or refilled more than six months after the date thereof or be refilled more than five times, unless renewed by the practitioner. Any oral prescription for such drugs must be promptly reduced to writing by the pharmacist, intern, or technician on a new prescription blank and must be signed within seven days by the practitioner who issued the same. When the patient is a hospice patient or resides in a licensed long-term care facility and the prescription has been signed by the practitioner before faxing, the facsimile may serve as the original prescription without another signature.
4. Except when dispensed directly by a practitioner, other than a pharmacy, to an ultimate user, no controlled substance included in schedule V must be dispensed without the written or oral prescription of a practitioner. The prescription may not be filled or refilled more than six months after the date thereof or be refilled more than five times unless renewed by the practitioner. Any oral prescription for such compound, mixture, or preparation must be promptly reduced to writing by the pharmacist, intern, or technician on a new prescription blank and must be signed within seven days by the practitioner who issued the prescription. When the patient is a hospice patient or resides in a licensed long-term care facility and the prescription has been signed by the practitioner before faxing, the facsimile may serve as the original prescription without another signature.

- c. The property at issue was, or was intended to be, transported, transmitted, or transferred to or from a major drug-transit country, a major illicit drug-producing country, or a major money-laundering country, and the transaction giving rise to the forfeiture:

 - (2) Was conducted by, to, or through a corporation that does not conduct any ongoing and significant commercial or manufacturing business or any other form of commercial operation which was not engaged in any legitimate business activity; or
 - d. A person involved in the transaction giving rise to the forfeiture action has been convicted in a federal, state, or foreign jurisdiction of an offense equivalent to an offense under chapter 19-03.1 or 19-03.2 or a felony involving money laundering, or is a fugitive from prosecution for any of these offenses.

Any officers acting under such warrant, as soon as practicable after entering the premises, shall identify themselves and state the purpose of entering the premises and the authority for doing so.

19-03.1-33. Administrative inspections and warrants.

1. Issuance and execution of administrative inspection warrants must be as follows:
 - a. A district judge within a district judge's jurisdiction, and upon proper oath or affirmation showing probable cause, may issue warrants for the purpose of conducting administrative inspections authorized by this chapter or rules hereunder and seizures of property appropriate to the inspections. For purposes of the issuance of administrative inspection warrants, probable cause exists upon showing a valid public interest in the effective enforcement of this chapter or rules thereunder, sufficient to justify administrative inspection of the area, premises, building, or conveyance in the circumstances specified in the application for the warrant.
 - b. A warrant may issue only upon an affidavit of a designated officer or employee having knowledge of the facts alleged, sworn to before the judge or magistrate and establishing the grounds for issuing the warrant. If the judge or magistrate is satisfied that grounds for the application exist or that there is probable cause to believe they exist, the judge or magistrate shall issue a warrant identifying the area, premises, building, or conveyance to be inspected, the purpose of the inspection, and, if appropriate, the type of property to be inspected, if any.  - (5) Direct that it be served during normal business hours and designate the judge or magistrate to whom it shall be returned.
 - c. A warrant issued pursuant to this section must be executed and returned within ten days of its date unless, upon a showing of a need for additional time, the court orders otherwise. If property is seized pursuant to a warrant, a copy must be given to the person from whom or from whose premises the property is taken, together with a receipt for the property taken. The return of the warrant must be made promptly, accompanied by a written inventory of any property taken. The inventory must be made in the presence of the person executing

the warrant and of the person from whose possession or premises the property was taken, if present, or in the presence of at least one credible person other than the person executing the warrant. A copy of the inventory must be delivered to the person from whom or from whose premises the property was taken and to the applicant for the warrant.

- d. The judge or magistrate who has issued a warrant shall attach thereto a copy of the return and all papers returnable in connection therewith and file them with the clerk of the district court for the county in which the inspection was made.
2. The board may make administrative inspections of controlled premises in accordance with the following provisions:
 - a. For purposes of this section only, "controlled premises" means:
 - (1) Places where persons registered or exempted from registration requirements under this chapter are required to keep records; and
 - (2) Places including factories, warehouses, establishments, and conveyances in which persons registered or exempted from registration requirements under this chapter are permitted to hold, manufacture, compound, process, sell, deliver, or otherwise dispose of any controlled substance.
 - b. When authorized by an administrative inspection warrant issued pursuant to subsection 1, an officer or employee designated by the board, upon presenting the warrant and appropriate credentials to the owner, operator, or agent in charge, may enter controlled premises for the purpose of conducting an administrative inspection.
 - c. When authorized by an administrative inspection warrant, an officer or employee designated by the board may:
 - (1) Inspect and copy records required by this chapter to be kept;
 - (2) Inspect, within reasonable limits and in a reasonable manner, controlled premises and all pertinent equipment, finished and unfinished material, containers and labeling found therein, and, except as provided in subdivision e, all other things therein, including records, files, papers, processes, controls, and facilities bearing on violation of this chapter; and
 - (3) Inventory any stock of any controlled substance therein and obtain samples thereof.
 - d. This section does not prevent the inspection without a warrant of books and records pursuant to an administrative subpoena issued in accordance with section 28-32-33, nor does it prevent entries and administrative inspections, including seizures of property, without a warrant:
 - (1) If the owner, operator, or agent in charge of the controlled premises consents;
 - (2) In situations presenting imminent danger to health or safety;
 - (3) In situations involving inspection of conveyances if there is reasonable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant;

- (4) In any other exceptional emergency circumstances in which time or opportunity to apply for a warrant is lacking; or
 - (5) In all other situations in which a warrant is not constitutionally required.
- e. An inspection authorized by this section may not extend to financial data, sales data, other than shipment data, or pricing data unless the owner, operator, or agent in charge of the controlled premises consents in writing.

19-03.1-34. Injunctions.

1. The district courts of this state shall have jurisdiction to restrain or enjoin violations of this chapter.
2. The defendant may demand trial by jury for an alleged violation of an injunction or restraining order under this section.

19-03.1-35. Cooperative arrangements and confidentiality.

 - c. Cooperate with the bureau by establishing a centralized unit to accept, catalog, file, and collect statistics, including records of drug-dependent persons and other controlled substance law offenders within the state, and make the information available for federal, state, and local law enforcement purposes. It may not furnish the name or identity of a patient or research subject whose identity could not be obtained under subsection 3.
 - d. Conduct programs of eradication aimed at destroying wild or illicit growth of plant species from which controlled substances may be extracted.
2. Results, information, and evidence received from the bureau relating to regulatory functions of this chapter, including results of inspections conducted by it, may be relied and acted upon by the board in the exercise of its regulatory functions under this chapter.
3. A practitioner engaged in medical practice or research is not required or compelled to furnish the name or identity of a patient or research subject to the board nor may the practitioner be compelled in any state or local civil, criminal, administrative, legislative, or other proceedings to furnish the name or identity of an individual that the practitioner is obligated to keep confidential.

 - (2) No conveyance is subject to forfeiture under this section by reason of any act or omission established by the owner thereof to have been committed or omitted without the owner's knowledge or consent.
 - (3) A conveyance is not subject to forfeiture for a violation of subsection 6 of section 19-03.1-23 or subsection 3 of section 19-03.2-03.
 - (4) A forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if they neither had knowledge of nor consented to the act or omission.
 - f. All books, records, and research products and materials, including formulas, microfilm, tapes, and data which are used, or intended for use, in violation of this chapter.
 - g. All drug paraphernalia as defined in chapter 19-03.4.

2. Property subject to forfeiture under this chapter, except conveyances, may be seized by the board upon process issued by any district court having jurisdiction over the property. A conveyance subject to forfeiture under this chapter may be seized by a state, county, or city law enforcement agency upon process issued by any district court having jurisdiction over the conveyance. Seizure without process may be made if:

3. In the event of seizure pursuant to subsection 2, proceedings under subsection 4 must be instituted promptly.
4. Property taken or detained under this section is not subject to replevin, but is deemed to be in custody of the board or a law enforcement agency subject only to the orders and decrees of the district court having jurisdiction over the forfeiture proceedings as set out in subsection 2. When property is seized under this chapter, the board or a law enforcement agency may:
 - a. Place the property under seal.
 - b. Remove the property to a place designated by it.
 - c. Require the attorney general to take custody of the property and remove it to an appropriate location for disposition in accordance with law.
5. When property is forfeited under this chapter, the board or a law enforcement agency may:
 - a. Retain it for official use or transfer the custody or ownership of any forfeited property to any federal, state, or local agency. The board shall ensure the equitable transfer of any forfeited property to the appropriate federal, state, or local law enforcement agency so as to reflect generally the contribution of that agency participating directly in any of the acts that led to the seizure or forfeiture of the property. A decision to transfer the property is not subject to review.
 - b. Sell that which is not required to be destroyed by law and which is not harmful to the public. The proceeds must be used for payment of all proper expenses of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising, and court costs, with any remaining proceeds to be deposited, subject to section 54-12-14, in the appropriate state, county, or city general fund. 6. Controlled substances as defined in this chapter and imitation controlled substances as defined in chapter 19-03.2 that are possessed, transferred, sold, or offered for sale in violation of this chapter and drug paraphernalia as defined in chapter 19-03.4 are contraband and must be seized and summarily forfeited to the state. Controlled substances as defined in this chapter and imitation controlled substances as defined in chapter 19-03.2, which are seized or come into the possession of the state and

drug paraphernalia as defined in chapter 19-03.4, the owners of which are unknown, are contraband and must be summarily forfeited to the state.

7. Species of plants from which controlled substances in schedules I and II may be derived which have been planted or cultivated in violation of this chapter, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the state.
8. The failure, upon demand by the board, or its authorized agent, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored to produce an appropriate registration, or proof that the person is the holder thereof, constitutes authority for the seizure and forfeiture of the plants.

19-03.1-36.1. Manner of forfeiture. Property subject to forfeiture under this chapter, other than property that may be summarily forfeited, may be forfeited by order of a district court only after:

1. A written consent to forfeiture executed by the owner of the property and all persons with a legal interest in the property to be forfeited has been filed with the court; or
2. Commencement of forfeiture proceedings.

19-03.1-36.2. Forfeiture proceeding as civil action - Standard of proof. Forfeiture proceedings are civil actions against the property to be forfeited and the standard of proof is a preponderance of the evidence.

19-03.1-36.3. Summons and complaint for forfeiture of property - Contents of complaint - Notice. When property described in subsection 1 of section 19-03.1-36 is to be forfeited, other than property described in subsection 6 of section 19-03.1-36, and in the absence of a written consent to forfeiture, forfeiture proceedings must be commenced by the filing of a summons and complaint for forfeiture of the property in the district court of the county in which the property was seized, is being held, or is located. In the case of real property, the summons and complaint must be filed in the county in which the real property, or some part of the real property, is located. The proceedings must be brought in the name of the state. The complaint must describe the property, state its location, state its present custodian, state the name of each owner if known, state the name of each party with a legal interest in the property if known or of legal record, allege the essential elements of the violation that is claimed to exist, and must conclude with a prayer to enforce the forfeiture. Notice of the forfeiture proceedings must be given to each known owner and known person with a legal interest in the property to be forfeited by serving a copy of the summons and complaint in accordance with the North Dakota Rules of Civil Procedure. The procedure governing the proceedings, except as otherwise provided in this chapter, is the same as that prescribed for civil proceedings.

19-03.1-36.4. Answer by claimant of property - Time for filing. Within twenty days after the service of the summons and complaint for forfeiture, the owner of the property to be forfeited and any other person with a legal interest in the property may file an answer claiming an interest in that property and claiming that person's interest is not subject to forfeiture under this chapter.

19-03.1-36.5. Disposition of property if no answer filed. If at the end of twenty days after the summons and complaint have been served there is no answer filed with the court against the complaint for forfeiture, the court shall order the forfeiture and disposition of the property as prayed for in the complaint.

19-03.1-36.6. Hearing on contested forfeiture - Order releasing or forfeiting property. If an answer is filed within the time limits in this chapter, the forfeiture proceedings must be set for hearing before the court. At the hearing, the state shall establish probable cause for instituting the forfeiture action following which any owner or person with a legal interest in the

property to be forfeited who has filed an answer to the complaint has the burden of proving that the property to be forfeited is not subject to forfeiture under this chapter. If the court finds that the property is not subject to forfeiture under this chapter, the court shall order the property released to the owner or other person with a legal interest in the property as that person's right, title, or interest appears. The court shall order the property forfeited if it determines that such property or an interest therein is subject to forfeiture.

19-03.1-36.7. Legal interest in property. A person alleging a bona fide legal interest in property to be forfeited must establish by a preponderance of the evidence that such legal interest existed at the time of seizure or taking of custody of the property. In the case of a claimed bona fide security interest in the property, the person claiming such interest must establish by a preponderance of the evidence that the security interest in the property to be forfeited existed or was of public record at the time of seizure or taking of custody of the property.

19-03.1-37. Burden of proof - Liabilities.

1. It is not necessary for the state to negate any exemption or exception in this chapter in any complaint, information, indictment, or other pleading or in any trial, hearing, or other proceeding under this chapter. The burden of proof of any exemption or exception is upon the person claiming it.
2. In the absence of proof that a person is the duly authorized holder of an appropriate registration or order form issued under this chapter, the person is presumed not to be the holder of the registration or form. The burden of proof is upon the person to rebut the presumption.
3. No liability is imposed by this chapter upon any authorized state, county, or municipal officer engaged in the lawful performance of the officer's duties.
4. In all prosecutions under this chapter, chapter 19-03.2, or chapter 19-03.4 involving the analysis of a substance or sample thereof, a certified copy of the analytical report signed by the director of the state crime laboratory or the director's designee must be accepted as prima facie evidence of the results of the analytical findings.
5. Notwithstanding any statute or rule to the contrary, a defendant who has been found to be indigent by the court in the criminal proceeding at issue may subpoena the director or an employee of the state crime laboratory to testify at the preliminary hearing and trial of the issue at no cost to the defendant. If the director or an employee of the state crime laboratory is subpoenaed to testify by a defendant who is not indigent and the defendant does not call the witness to establish relevant evidence, the court shall order the defendant to pay costs to the witness as provided in section 31-01-16.
6. In all cases of conspiracy to violate chapter 19-03.1, 19-03.2, or 19-03.4, the state is not required to prove or establish that a conspirator knew the other person to the agreement intended to deliver or possess with intent to deliver a controlled substance, an imitation controlled substance, or drug paraphernalia to a third person.

19-03.1-38. Judicial review. All final determinations, findings, and conclusions of the board under this chapter are final and conclusive decisions of the matters involved. Any person aggrieved by the decision may obtain review of the decision in the district court. Findings of fact by the board, if supported by substantial evidence, are conclusive.

19-03.1-39. Education and research.

1. The board shall carry out educational programs designed to prevent and deter misuse of controlled substances. In connection with these programs it may:

- a. Promote better recognition of the problems of misuse and abuse of controlled substances within the regulated industry and among interested groups and organizations.

 - c. Consult with interested groups and organizations to aid them in solving administrative and organizational problems.
 - d. Evaluate procedures, projects, techniques, and controls conducted or proposed as part of educational programs on misuse and abuse of controlled substances.
 - e. Disseminate the results of research on misuse and abuse of controlled substances to promote a better public understanding of what problems exist and what can be done to combat them.
 - f. Assist in the education and training of state and local law enforcement officials in their efforts to control misuse and abuse of controlled substances.
2. The board shall encourage research on misuse and abuse of controlled substances. In connection with the research, and in furtherance of the enforcement of this chapter, it may:
 - a. Establish methods to assess accurately the effects of controlled substances and identify and characterize those with potential for abuse.
 - b. Make studies and undertake programs of research to:
 - (1) Develop new or improved approaches, techniques, systems, equipment, and devices to strengthen the enforcement of this chapter.
 - (2) Determine patterns of misuse and abuse of controlled substances and the social effects thereof.
 - (3) Improve methods for preventing, predicting, understanding, and dealing with the misuse and abuse of controlled substances.
 - c. Enter contracts with public agencies, institutions of higher education, and private organizations or individuals for the purpose of conducting research, demonstrations, or special projects which bear directly on misuse and abuse of controlled substances.
3. The board may enter into contracts for educational and research activities without performance bonds and without regard to statutory provisions affecting such contracts.
4. The board may authorize persons engaged in research on the use and effects of controlled substances to withhold the names and other identifying characteristics of individuals who are the subjects of the research. 19-03.1-45. Mandatory drug abuse assessment and treatment - Presentence investigation - Certified drug abuse treatment programs.

1. When a person located in Walsh, Pembina, or Grand Forks Counties has pled guilty or has been found guilty of a felony violation of subsection 6 of section 19-03.1-23 and that person has not previously pled guilty or been found guilty of any offense involving the use, possession, manufacture, or delivery of a controlled substance or of any other felony offense of this or another state or the federal government, the court shall impose a period of probation of not less than eighteen months in conjunction with a suspended execution of a sentence of imprisonment, a sentence to probation, or an order deferring imposition of sentence.
2. Upon a plea or finding of guilt of a person subject to the provisions of subsection 1, the court shall order a presentence investigation to be conducted by the department. The presentence investigation shall include a drug and alcohol evaluation conducted by a licensed addiction counselor.

3. If the licensed addiction counselor recommends treatment, the court shall require the person to participate in an addiction program licensed by the department of human services as a condition of the probation. The court shall commit the person to treatment through a licensed addiction program until determined suitable for discharge by the court. The term of treatment shall not exceed eighteen months and may include an aftercare plan. During the commitment and while subject to probation, the person shall be supervised by the department.
4. If the person fails to participate in, or has a pattern of intentional conduct that demonstrates the person's refusal to comply with or participate in the treatment program, as established by judicial finding, the person shall be subject to revocation of the probation. Notwithstanding subsection 2 of section 12.1-32-02, the amount of time participating in the treatment program under this section is not "time spent in custody" and will not be a credit against any sentence to term of imprisonment.
5. The cost for all drug abuse assessments and certified drug abuse treatment programs shall be initially paid by the department. The court shall order the person to reimburse the department for the assessment and treatment expenses in accordance with the procedures of section 12.1-32-08. The department shall collaborate management of the pilot project with the department of human services to ensure services under the federal grant program for one-half of the offenders mandated by the court to submit to mandatory treatment, not to exceed twenty-three individuals. The department shall hire a program manager to manage the pilot project, collect statistics regarding the operation of the program, track participants in the program, and provide a report to the attorney general, the legislative council for distribution during the November 2006 legislative council meeting, and the sixtieth legislative assembly detailing the number of participants in the program, the cost of the program, relapse statistics, and other data concerning the effectiveness of the program.

The court shall order the frequency of the random testing and the location at which random testing must occur. The court shall provide notice to the selected provider of the required examination or testing. The provider shall notify the court if the individual fails to appear for the examination or testing. The testing must be at the individual's own cost. Submission of an individual to a medical examination or other reasonable random testing as a condition for release is not required if the court makes a specific finding on the record that:

2. The individual will appear as required by the court and will comply with all conditions of release without submission to an examination or testing; and
3. Not imposing examination or testing as a condition of release will pose no danger to the individual or to the community.
